Ground Breaking Dance Theater

A NOTE FROM THE DIRECTOR

Dear friends,

We are grateful to be back on stage, even if it's not in the theater just yet. Thank you for your consistent support during this difficult time for the arts industry, and for joining us for our outdoor performance of Wonderland.

There is a stigma attached to mental health that prevents many people from getting the help they need. Coming out of the pandemic, mental health challenges could be more prevalent than ever, and we will need to be gentle with ourselves and our neighbors during this transition.

We hope you will identify and empathize with the characters in Wonderland, regardless of how outrageous they are, and join us in celebrating the fact that there is no such thing as "normal."

With gratitude,
Regina Peluso, Artistic Director

THANK YOU

Thank you to the mental health professionals consulted for the script and to Great Tea Road Co.
